Selective Entrance & Scholarship Preparation

Mock testing and time management skills

Greetings parents, students and learning community members!

I hope this message finds you warm and with joy!

The vibrancy and dedication demonstrated by both our students and teachers have made learning not only productive but truly fulfilling. Your children bring enthusiasm to their learning, coupled with their steadfast commitment to excellence, which reflects the core values we strive to uphold.

I am excited to share the good news of our students gaining scholarships into prestigious private schools and academically selective government high schools. Please refer to the short article: **Huy Nguyen's Journey to Excellence**.

I am deeply grateful for the supportive and nurturing environment we've cultivated together. Let's work together to create a culture of continuous learning as our children live to their true potential!

Power to you!

Christina Chia

Chief Operating Officer & Principal (VIC)

Scholarship Winner Huy Nguyen

CALLING ALL STUDENT WINNERS!

- We encourage you to share good news of your child winning scholarships and gaining entry into Selective High Schools and SEAL Programs with us.
- **You will receive a discount of 25%** off the following term's tuition fee. Terms & Conditions apply.

CELEBRATING SCHOLARSHIP SUCCESS: HUY NGUYEN'S JOURNEY TO EXCELLENCE

From Left: Mr & Mrs Nguyen; Educators Manjeet Thethi & Cathie Newton; Scholarship Winners Huy Nguyen & Srishti Gupta; Campus Director Springvale, Chuan Chew; Educator Heather Rankin; Chief Operating Officer & Principal (VIC), Christina Chia

We are thrilled to announce that our student, Huy Nguyen, has recently earned prestigious scholarships to both renowned private schools and academically selective government high schools. This remarkable achievement highlights not only Huy's exceptional talent and hard work but also the supportive role played by our College's programs and staff.

Huy joined North Shore Coaching College's Springvale campus in Year 3 and his journey through our educational system has been nothing short of inspiring. In a recent interview, Huy's parents, Mr. & Mrs. Nguyen, shared their immense pride in their son's accomplishments. They emphasised that Huy's success is a result of his consistent and diligent efforts over the years.

The General Ability course at College stands out for its unique approach to learning. Unlike traditional rote learning methods, this course is designed to develop critical thinking and problem-solving skills through engaging, application-based activities. This innovative methodology helps students like Huy build a strong foundation in analytical reasoning and adaptive thinking, which are essential for tackling complex academic challenges.

Mr. & Mrs. Nguyen also praised the College for its high standards and consistent standards of quality education.

"My son has worked very hard and steadily over the years," remarked Mr. Nguyen

*"The discipline of **completing homework each week at the College** and the **General Ability component of the Mathematics course program** were particularly beneficial for him."*

They expressed their gratitude for the professional and caring staff in particular Campus Director, Chuan and the experienced, dedicated teachers who have supported Huy throughout his academic journey.

In celebration of Huy's success, our learning community has been a buzz with pride and joy. It's moments like these that affirm our commitment to nurturing and guiding our students towards their fullest potential.

We extend our heartfelt congratulations to Huy and his family and wish him continued success in his future academic endeavours. We also want to take this opportunity to thank our dedicated teachers & staff for their unwavering support and dedication. Your hard work and commitment to excellence play a crucial role in helping our students achieve their dreams.

Warm regards,
Christina Chia
Chief Operating Officer & Principal (VIC)

End of Term test: Week 8

- Week 8 is Test Week (7 & 8 Sept).
- It is important to attend Week 8 so that the teacher is able to accurately assess your child's progress.

End of term Student Reports: Week 10

- Reports are available via our online portal from Monday 23 September.
- Email victoria@north-shore.com.au if you require details to access your child's reports.
- Please read the report comments carefully as the feedback will be helpful for your child's continued progress.
- If you would like to speak to your child's teacher(s), please contact your Campus Director to **pre-arrange** a meeting. We cannot accommodate on the spot requests for meetings.

No graffiti and chewing gum

Students, please be reminded that respect on campus includes respect for the classroom. Chewing gum and graffiti on the tables and walls are not tolerated.

Refer a friend and be rewarded

- Introduce a friend to North Shore Coaching College.
- Once they enrol and the full payment is made for the term, both you and your friend will receive a \$50 credit. Terms and Conditions apply.

Campus and classroom respect

May we remind students to leave their surroundings clean and tidy. Good hygiene is one of the most effective ways to protect ourselves and others from many illnesses.

Colouring competition returns!

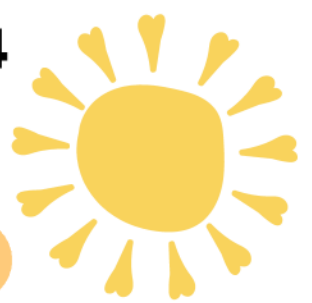

Get a colouring sheet and submit your piece by **September 15**.

All participants receive a **Good Student Award** with bigger prizes to be won for winners.

EMPOWER YOUR CHILD'S FUTURE: **Master English and Mathematics with** **North Shore Coaching College!**

BY CHRISTINA CHIA, CHIEF OPERATING OFFICER & PRINCIPAL (VIC)

In today's fast-paced world, the wisdom of American futurist, Alvin Toffler resonates more than ever: "The illiterate of the 21st century will not be those who cannot read and write, but those who cannot learn, unlearn and relearn."

Embracing lifelong learning, curiosity and agility to adapt are now more crucial than ever to stay in our rapidly evolving landscape. Leading in multicultural Australia, I believe that the pathway to personal and professional success & joy lies in nurturing a growth mindset focussed on building skills, developing grit and cultivating mastery in your chosen area. Bring an attitude that dominates the field to live to your true potential!

At North Shore Coaching College, we have been empowering students to embrace this evolution by fostering a mindset of continuous learning, establishing skills to form a robust groundwork for academic success. One goal to work towards is a solid foundation for our core competencies - English and Mathematics.

English and Mathematics are crucial because they serve as more than just essential subjects in schools. They provide the framework for understanding and excelling in other subjects. English proficiency enables effective communication, critical thinking, and comprehension of complex ideas across all disciplines. Meanwhile, Mathematical competence fosters logical reasoning, problem-solving abilities, and quantitative analysis skills, which are indispensable in various academic and real-world scenarios.

These subjects not only aid in academic achievement but also equip students with the

tools to navigate challenges effectively.

For instance, a strong command of English allows students to clearly express their thoughts verbally and in writing, which is essential for presenting ideas and arguments in exams and beyond. Similarly, mathematical fluency enables students to tackle quantitative problems with confidence, when analysing and responding to situations in the real world.

English and Mathematics serve as foundational pillars that support students' academic growth and personal development.

A mastery of essential academic skills secures more than knowledge—confidence, joy, and emotional well-being are procured. This empowerment creates a positive academic environment where learning becomes vibrant and fulfilling.

Investing in these skills is not just about securing a job — it's about future-proofing our children for success in an unpredictable world. As industries shift towards digitisation and sustainability, the demand for adaptable skills will only grow.

Join us at North Shore Coaching College and embark on a journey of continuous learning and personal growth.

'Proven Success' with over 32 years.

Led by experienced educators, we offer VIC standard curricula and interactive learning methods that make education enjoyable and effective.

Weekly homework ensures our students receive targeted support to maximise their potential.
